

# ARCHITECTURAL BOLLARDS

AN OVERVIEW

# Shaping Urban Spaces Day & Night

Perfect for parks, forecourts and other urban spaces, **Advanced Lighting Technologies'** stunning range of architectural bollards combine performance and aesthetics to create a lighting solution that impresses both night and day.

Conceived to meet the most demanding requirements of lighting designers, architects and end users, our bollards feature high-quality design and robust craftsmanship, backed by a minimum 5-year warranty.

## Flexible & Adaptable

Ranging in height from 190mm to over 4m tall, a choice of designs, finishes and optical distributions offers maximum flexibility for your urban lighting needs. A selection of colour temperatures, decorative effects and sensors are also available upon request (model dependent).

## Robust & Reliable

Our bollards are built tough, with many boasting high impact resistance ratings to withstand the challenges of the urban environment.

# Bollard Range

Designed to stand the test of time, our bollards add style and class to the urban environment without compromising on efficiency or quality.
